

Transportation Safety Online Training

An Online Transportation Safety Training course has been developed by Texas A&M AgriLIFE Extension and is part of how CK Family Services families meet training requirements indicated by the state.

Please complete the training online at:

<http://childcare.tamu.edu> > Transportation Safety > Part 1 – Transporting Children Safely in Child Care

Each applicant will need to register on this site and pay a fee of \$14.00 to complete the course and receive a certificate of completion.

At the end on your online training, you will be required to take and pass a test before you can generate a certificate and print it out.

Each certificate may only bear 1 name and individuals will receive 2.0 hours of training for completing this course. Please submit the certificate to your Family Development Specialist.

Please ensure this training is completed **prior to licensing of your home**. If you should have any questions or problems concerning this training, please contact your Family Development Specialist.
