

DFPS Psychotropic Medications Online Training

An on-line Psychotropic Medication Training course has been developed by DFPS and is now a required course for all families during pre-service training and will also be required annually. The training curriculum pertains to the different classifications of medications that can be prescribed, intended use and side effects.

Please complete the training online at:

http://www.dfps.state.tx.us/Training/Psychotropic_Medication/default.asp

At the end of your online training, you will be required to take and pass a test before you can generate a certificate and print it out.

Each certificate may only bear 1 name and individuals will receive 2.0 hours of training for completing this course. Please submit the certificate to your Family Development Specialist.

Please ensure this training is completed **prior to licensing of your home**. If you should have any questions or problems concerning this training, please contact your Family Development Specialist.
